

PRODUCT SPECIFICATIONS

Happy Feet® Mats

SURFACE (surface encapsulates the entire cushion)

Material: Nitrile rubber

CUSHION

Material: Natural rubber

Thickness: 3/8 inch

Density: 18-20 pounds per cubic foot

OVERALL THICKNESS: 1/2 inch (0.5")

STANDARDS & TESTING

- Certified high-traction by the National Floor Safety Institute (NFSI)
- Passes flammability standard DOC-FF1-70
- ASTM static coefficient of friction:
 - Dry (textured surface) 0.70
 - Dry (grip surface) 0.88
- ESD rating of electrically conductive:
 - Surface to surface at 50% relative humidity 1.9×10^4
 - Surface to surface at 12% relative humidity 2.0×10^4
