

PRODUCT SPECIFICATIONS

Hog Heaven® Fashion

SURFACE

Material: Needle-punched, solution-dyed PET (14 ounces/yard²) molded to nitrile rubber

CUSHION

Material: High-density, closed-cell nitrile/PVC-blended foam

OVERALL MAT THICKNESS: 5/8 inch (0.625") or 7/8 inch (0.875") depending on the product selected

STANDARDS & TESTING

- Certified high-traction by the National Floor Safety Institute (NFSI)
- Passes flammability standard DOC-FF1-70
- Passes ATTCC test method 134-1996 electrostatic propensity of carpets: maximum voltage negative 0.4 kV
- ASTM C1028-96 static coefficient of friction:
 - Dry 0.71
 - Wet 0.70
- Water absorption ASTM D1667 (0.01 pounds/foot² maximum)
- Temperature use: ASTM D1056 Cold crack -20 degrees F, High 200 degrees F
