

## PRODUCT SPECIFICATIONS

# Hog Heaven® Impressions

### SURFACE

**Material:** Nitrile rubber

**Logo/Image Material:** Polymetric film

### CUSHION

**Material:** High-density, closed-cell nitrile/PVC-blended foam

**OVERALL MAT THICKNESS:** 5/8 inch (0.6250")

### STANDARDS & TESTING

- Durometer: 56
- Compression Deflection:
  - 40% at 20 psi
  - 55% at 40 psi
- Certified high-traction by the National Floor Safety Institute (NFSI)
- Passes flammability standard DOC-FF1-70
- Passes AATCC test method 134-1996
- Water absorption ASTM D 1667 (0.01 pounds/foot<sup>2</sup> maximum)
- Temperature use ASTM D 1056: cold crack -20° F
- Melt point over 500 degrees F. Tested at temperatures up to 1800 degrees F for welding/slag resistance (specific results from test available upon request)
