

PRODUCT SPECIFICATIONS

Kneeling Comfort™

SURFACE

Material: Nitrile rubber

CUSHION

Material: Closed-cell nitrile/PVC-blended foam

Density: 5.5 -7.5 lbs/ft³

OVERALL MAT THICKNESS: 7/8 inch (0.875")

STANDARDS & TESTING

- Compression deflection:
 - 47% at 20 psi
 - 64% at 40 psi
- Certified high-traction by the National Floor Safety Institute (NFSI)
- ASTM C1028-96 static coefficient of friction:
 - Dry 0.92
 - Wet 0.86
- Flammability FMVSS302 - 0 burn (pass)
- Water Absorption ASTM D-1667 - 0.01 lb/sq. ft. maximum
- Temperature use ASTM D-1056: cold crack -20 degrees F, high 200 degrees F
